

## *Meet the New Faces of Trapper Athletics*

### **BRIAN ERICKSON**

*Athletic Director*

### **What is AD Erickson's focus for the 2018-19 athletic season?**

"My focus will not only be on the success of Northwest Athletics but a major part of my job will be raising funds for athletic scholarships. My understanding of the challenges we face is what excites me about the position and I look forward to the future of NWC Athletics. We have a great group of new coaches that are energized to be successful and I could not be more proud of the dedication and commitment the teams show every day. We will continue to win championships, excel academically and be a model of what athletics should look like."

### **BOBBY PETERS**

*Women's Soccer Coach  
Interim Men's Soccer Coach*

### **What is Coach Peters' goal for the 2018 Season?**

"I'm going to take one game at a time, but have goals in mind. I'd like to aim for a conference championship, that's my No. 1 goal. That said, I want to take each game one by one. The goal realistically is to get the monkey off the back and get that first win. Nothing else is going to matter until we do that."

## CAMDEN LEVETT

*Interim Women's Basketball Coach*

### **What can fans expect from Coach Levett's coaching style?**

"We're going to be up-tempo. It will be great fun to watch. Good teams will turn opposing teams over; great teams will turn them over and score the basketball. That's what we want to do. We're going to be fast. We're a little under-sized right now, we have some smaller guards. But trust me, they're gonna be quick and they're gonna be scrappy."

## BETHANY CONDE

*Interim Volleyball Coach*

### **What is Coach Conde's expectations of her athletes?**

"I want to be that team that never gives up. We're going to work harder than the other team and put effort into everything we do, because that can really take a team a long way. There's a tradition here, and I'm going to do my best to make sure I can take it through this next season."
