

Meet Jessica

For Jessica Lum, being named as the interim coach of the Northwest College women's soccer team "is basically like a dream job".

"Soccer is my love, but I've never been able to work per se with it," she said. According to Lum the position kind of fell into her lap and "it was one of those things where if I had said no then I knew I would kick myself for a really long time, forever, had I not said yes."

Of the upcoming season, Lum says, "It's a rebuilding year, but it's a big transition point for women's soccer; that's how I see it at the college. I'm excited. It's an adventure and I'm looking forward to it."

Heart Mountain Hike

The Northwest College Men's Basketball, Wrestling, and Women's Basketball teams all climbed Heart Mountain's summit in the first ever Trapper Booster Club 'Heart of a Trapper' trail run and hike! The 8-mile hike drew the community and college together to raise funds for athletic scholarships.
