Athletic Scholarship Donors

Scholarships are the lifeblood of Northwest College Athletics and are the department's single largest annual expense. Recent budget reductions forced by declining college revenue have resulted in annual cuts of nearly \$250,000 for NWC teams. Raising scholarship money for student athletes is now a major focus of the Trapper boosters.

Special thanks to these folks who have made 5-year commitments to fund endowed scholarships helping to develop an independent revenue stream assisting coaches with their recruiting efforts and supporting student athletes at Northwest College.
